

Product Reference: wpl-DM/EX Totonto

Jaguar Land Rover, Bristol

A new superstore in Bristol for the Jaguar Land Rover group. It was built at an extraordinary fast rate to match the pace of JLR introducing the next generation of luxury SUVs with all-new models for 2021. This flagship building is covered with WPL's luxurious aluminium electrically charged P coated diamond mesh, designed to store the future of electric vehicles and spark the imagination of prospective customers.

Expanded Mesh finished to RAL 9006 30% gloss
